Welcome

I can honestly say since our last trip I've had so many requests to go back to Nashville and I'm delighted to announce that everything's in place for this exciting return visit. When one thinks of Country Music, Nashville always springs to mind. With Nashville such a popular destination for country music fans and large conventions it has been a great challenge to acquire a quality hotel that is extremely central to all those great downtown venues in Nashville so we are very pleased to say our hotel, The new **Hyatt Place Nashville Downtown** is in an ideal location and comes highly recommended.

On the last trip, no one will forget the afternoon, evening and late night sessions in the top bars and venues. We will revisit these and some new venues with country music star **Patrick Feeney** and **Frankie & Tony** from **the Conquerors** leading the way for our many sing songs. Patrick will guest with many of Nashville's renowned bands as we take you on a tour of some of the best country music attractions in Nashville and of course my team and I will be on hand

for the entire trip to ensure you have a heel kicking good time in Nashville.

A visit to the **Grand Ole Opry** is included, always a highlight of the tour where some of the world's finest country stars appear and also included is an evening on the *General Jackson Steamship.

There are many other optional daytrips available locally that you may wish to take and we'll be happy to organise those for you.

For those of you travelling with us, **Memphis** will once again be an option, staying at **The Holiday Inn, Downtown Memphis** and a ticket to visit **Graceland** plus we'll visit **Beale street**.

If you like Country music you will absolutely love this trip to Nashville with an option of Memphis.

Memphis

You have the option of extending your stay and joining us for a 2 day trip to Memphis staying in **The Holiday Inn, Downtown Memphis** - the home of the late, great Elvis Presley. There are many, many attractions in Memphis, we have listed a few of the most popular below, our staff will be on hand to give advice and point you in the right direction.

Graceland

THE HOME OF ELVIS PRESLEY

In his early 20's, Elvis created his house and 13.8 acres, called Graceland. The house is reputed to be the 2nd most visited house in the US (after the Whitehouse!). Elvis lived here until his death and is buried here. Expect to see exhibits of authentic clothing, artefacts, personal mementos, an amazing display of Elvis's gold and platinum awards, and much more.

THE LEGENDARY BIRTHPLACE OF ROCK 'N' ROLL

Take a guided tour through the birthplace of rock 'n' roll and learn the history of the most famous recording studio in the world. Experience outtakes from sessions, touch Elvis' first microphone and hear the real history of the studio that launched Elvis Presley, Johnny Cash, Jerry Lee Lewis, Carl Perkins, B.B. King and many more.

SOULSVILLE USA

The museum is near the site of the original Stax recording studio, which during the 60s and 70s turned outworld-famous hits by now house-hold names, including Otis Redding; Al Green and Aretha Franklin. Multimedia exhibitions take visitors back to a place and time when racism deeply divided the South. At Stax however black and white musicians and staff all worked together, with music as their common thread.
